CF185 Portable Compressor

Need a 185 compressor that offers high performance, easy serviceability and flexibility? Be sure to check out our 185 compressor series. No more worries about emissions, the rugged and compact design ensures that transportation is both easy and safe. Our 185 series offers 185 cfm flow, ensuring you have plenty of power.

Standard Configuration

- GHH Head
- SKF Bearings
- Nano Air Filter Element
- Standard Traction
- Designed For Frequent Road Hauling

Heavy Duty Steel Base

- 110% Fluid Isolation
- Simple, Easy-To-Use Control Panel

Designed For Harsh Environments

- Submicron high standard filter, standard safety filter
- Corrosion-resistant soundproof ceiling
- Extreme weather prepared
- Special soundproofing system

Application

- Utility equipment:** hand-held pneumatic tools, abrasive blasting, etc.
- Construction:** crushing, steel bar soot blowing and other applications.
- Municipal administration:** road construction and road repair work.
- Mining:** Mine ventilation and underground mining
- Quarry:** Quarry Opencast Mine

Options

- Traction, Box Type
- Aftercooler
- Australian Standard Traction
